## TAKEAWAYS

### Theoretical Framework

The workshop emphasized the importance of developing a solid theoretical framework to guide the dissemination and communication efforts within the SC4EU project.

### Impact Assessment and Partner Needs

Participants reviewed the dissemination needs of all partners, aiming to ensure that strategies reflect their diverse goals, audiences, and resources.

### Common Challenges and Strategic Considerations

Common challenges such as varying engagement levels were noted, with suggestions to address them through better coordination and shared tools.

### Next Steps

Future dissemination activities will focus on flexible planning, clear roles, and collaborative input to ensure alignment with evolving project goals.
